My goal as a developer is to have a positive impact on society – either directly through the work that I produce or by working with organizations that have a strong social outreach.

EDUCATION:

Completed 4 years at Bristol High School

Graduation Date: 1988

EXPERIENCE:

Computer Science Instructor[SMASH Wharton July 2018 / August 2018

As part of the SMASH Wharton inaugural Summer Academy program, I instruct 35 Honors-level high school students in HTML, CSS, Web Design and Social Impacts of Technology. I customize lesson plans and materials to manage classroom time constraints while meeting the needs of the scholars. I also proactively engaged with other instructors and senior staff to provide a Project Based Learning curriculum to the scholars.

HONORS and AWARDS:

Good Citizenship Award | Bristol High School January, 1988

The Good Citizenship Award is presented to students who have made an outstanding contribution to their local community in a positive way.
